Make-A-Wish.  
WORLD WISH DAY.

For kids with  
critical illnesses ...

Triple Your Impact

Wish Kid  
Ana

Kids with critical illnesses face isolation and uncertainty every day. Illness takes a piece of their childhood away. But your support restores hope for their future.

We've set a goal to grant 100 wishes by April 29 – World Wish Day. **And thanks to a special matching gift opportunity, your gift this month can go 3X as far to grant wishes.**

A wish ignites a spark of hope that changes everything. It transforms the lives of kids facing critical illnesses, replacing fear with hope for tomorrow. ***That hope begins with you.***

You have the power to grant wishes and give hope to 100 kids and families when they need it most. When you do, **your impact will triple thanks to the World Wish Day Triple Match Challenge.**

**Your gift will go 3X as far between now and April 29 – World Wish Day!**

Triple your impact to help kids like Ana, Adam and Nathan during their darkest times.

**Triple Your Impact**
